

TENANT REPRESENTATION

Representing your **Real Solutions**, not just your **Real Estate**.

RFP Commercial, Inc.
Real Estate. Real Solutions.

Successful Tenant Representation relies upon an in-depth understanding of local office markets. RFP Commercial combines dedication to our client's interests with our thorough understanding of commercial real estate in Metropolitan Milwaukee. We then combine that knowledge with outstanding customer service.

When making lease decisions it helps to have an experienced, attentive representative on your side. By understanding your business plan, operational issues, funding, employee base, and acquisition plans, RFP will ensure that your next lease is compatible with your future goals.

THE QUALITY OF ANY PRODUCT OR SERVICE IS WHAT THE CUSTOMER SAYS IT IS.

We sort through the preliminary options, and begin a detailed evaluation using both objective and subjective criteria. We evaluate the rental rates, terms and conditions and pull each possibility apart before presenting it to our clients. The end result is a selection of meaningful choices for our clients that can help them meet their short- and long-term goals.

In the Metropolitan Milwaukee area, many businesses know occupancy-related expenses rank just behind labor as the second-highest fixed cost of running a business. It requires not just the knowledge of a solid, business decision, but the experience and first-hand knowledge of a solid real estate decision as well. No one is better positioned than RFP to bring the two together and deliver superior results and value.
